

## **Submission for pre-application advice from Graham Fifield on behalf of George Arthur at the Glebe**

RDC have referred a submission for pre-application advice from Graham Fifield /George Arthur at the Glebe to the Parish Council suggesting that it be dealt with as part of the NDP process. The BNDP has now been completed. Following wide consultation, the policies have been finalised and the final draft is ready for submission with the exception of, and awaiting relevant OS map extracts promised to us by RDC.

The submission will therefore be dealt with correctly by the PC as a planning matter. As such it will be considered by councillors alongside any comments and questions raised by residents.

All PC meetings are currently being convened virtually in accordance with physical distancing advice from HM Government. The PC is in the process of convening a virtual planning meeting to consider the submission, and welcomes all public comments and questions submitted. Comments or questions can be directed to me [cllr.nick.moore@burwashpc.org.uk](mailto:cllr.nick.moore@burwashpc.org.uk)

If you wish to join the virtual meeting please provide email details so that the clerk/Admin officer can ensure that you are able to contribute.
